For the current quarter under review, the Group recorded revenue of RM21.7 million, representing an decrease of 32.7% compared to RM32.2 million recorded in the corresponding quarter of the preceding year.

The revenue for the manufacturing, formulation and sales of resin, chemicals and building materials segment reported a 31.8% decline in revenue, decreasing from RM21.9 million to RM15.0 million in the current financial quarter. The drop was mainly attributed to reduced sales of melamine-faced chipboards and building materials.

Revenue from the recovery and sales of recycled products segment saw a slight decrease of RM0.1 million, from RM1.5 million in the corresponding quarter of the previous year to RM1.4 million in the current quarter. The marginal decline reflects lower sales volume during the period.

Revenue from the culture and sales of prawns segment recorded a marginal increase of RM0.1 million compared to the corresponding quarter of the previous year.

The contract work, pipe laying, and rehabilitation segment reported revenue of RM4.4 million for the quarter, marking a 44.5% decline from RM7.9 million recorded in the corresponding quarter of the previous financial year. The decrease was primarily attributed to a lower volume of job orders during the period, coupled with heightened market competition that placed downward pressure on pricing.

The investment holding and property letting segment's revenue was recorded at RM0.5 million, representing a marginal decrease of 5.3% compared to the corresponding quarter of the previous financial year.

The Group recorded a profit before taxation of RM1.2 million for the current financial quarter, representing a significant decrease of 83.2% compared to RM7.2 million in the corresponding quarter of the preceding year. The decline was primarily attributable to the lower revenue contributions across several key segments, as explained in the segment performance analysis above.

(CONT'D)**

**(I) Compliance with Appendix 9B of Bursa Malaysia Listing Requirements (Cont'd)**

**2. Material Change in the Profit Before Taxation for the Current Quarter as Compared with the Immediate Preceding Quarter**

	Current Quarter 31/07/2025 RM'000	Preceding Quarter 30/04/2025 RM'000	% + / (-)
Revenue	21,685	43,019	(49.6)
Profit before taxation	1,212	13,746	(91.2)

Revenue for the current financial quarter decreased by 49.6% compared to the immediate preceding financial quarter. In line with the lower revenue, profit before taxation declined by RM12.5 million compared to the immediate preceding financial quarter.

In the current financial quarter, revenue for the manufacturing, formulation, and sales of resin, chemicals, and building materials segment increased by RM2.5 million, rising from RM12.5 million to RM15.0 million. This growth was primarily driven by higher sales of melamine-faced chipboards during the period. Additionally, profit before taxation improved significantly from a loss of RM7.0 million in the previous quarter to a profit of RM1.4 million, largely attributable to segment reclassification.

Revenue for the contract work, pipe laying, and rehabilitation segment decreased by RM3.3 million, from RM7.7 million in the preceding quarter to RM4.4 million in the current financial quarter. The decline was primarily due to fewer job orders received during the period. Consequently, profit before taxation dropped from RM4.3 million to breakeven.

The investment holding and property letting segment reported a significant revenue decrease of RM11.8 million, declining from RM12.3 million in the preceding quarter to RM0.5 million in the current financial quarter. The decline was primarily due to lower dividend income from our investments in quoted shares. These dividends are cyclical in nature and typically distributed biannually.

**3. Prospects**

With the economic tariffs impact and geopolitical developments, the Group believes the business outlook to remain challenging. Nevertheless, the Group has undertaken relevant hedging strategies to control cost structures and strategies to identify new opportunities to mitigate these effects. The Group foresees that consistent dividend income from the investment holding segment can be sustainable.

**4. Variance of Actual Profit from Forecast Profit**

Not applicable as the Group did not issue any profit forecast or profit guarantee.

**11. Changes in the Material Litigation**

The Group is not engaged in any other material litigation, except as disclosed below:

The Company had on 21 December 2021 entered into a Sale and Purchase Agreement (“SPA”) to dispose of its wholly-owned subsidiary company, Cleanway Disposal Services Pte Ltd (now known as Tay Waste Recycling Pte Ltd) (“Cleanway”) to Tay Paper Resources Pte Ltd (“the Chargor”) for a total consideration of SGD4,627,754.46 (“Disposal Price”).

Pursuant to the SPA, the Disposal Price shall be paid in the following manner:

- (a) The amount of SGD1,719,955.20 which was paid by the Chargor to the Company in cash on the date of completion; and
- (b) The remaining amount of SGD2,907,799.26 (“Deferred Payment”) shall be paid to the Company in cash, in equal monthly instalments of SGD48,463.32, over a period of five (5) years beginning from 1 January 2022.

Please refer to the announcements we made on 22 December 2021 and 3 January 2022 for more details.

The Deferred Payment was secured by way of a share charge over the shares of Cleanway (“Charged Shares”). In this connection, the Chargor and the Company had entered into a Deed of Share Charge where the Chargor had granted the Company a first fixed charge over the Charged Shares and all the related rights (“the Charged Property”) as security for the Deferred Payment and all costs and expenses incurred by the Company in connection with the enforcement of its rights against the Chargor under the Deed of Share Charge.

To-date, the Chargor is in breach of the SPA. Out of the aggregate Deferred Payment amount of SGD2,907,799.26, only an aggregate sum of SGD848,108.10 had been paid. The breach of the SPA on the part of the Chargor triggered an event of default under the Deed of Share Charge.

Pursuant to the Deed of Share Charge, the Company had appointed Receivers over the Charged Property on 7 December 2023.

However, Cleanway was wound up pursuant to Order of Court dated 23 February 2024. The winding up of Cleanway Disposal Services Pte Ltd (now known as Tay Waste Recycling Pte Ltd) does not change the obligation of the Chargor to make payment for the outstanding Deferred Payment. Arising therefrom, the Company has, through its solicitors, sent a statutory demand to the Chargor demanding repayment of the outstanding amount.

As the incident is still evolving, the Company could not reliably ascertain the financial impact of the matter at the time this report is approved.

As a prudent measure, on 30 April 2024, the outstanding deferred payment of RM6,913,003.85 (SGD1,973,573.67) has been impaired in accordance with MFRS 9 Financial Instruments.

There are no further updates and remain the same as at the date of this report.
