**1Q 2025 vs. 1Q 2024**

There was no revenue recorded by the Group in 1Q 2025 as all residential units in both projects in Australia, namely West Village and Yarra One were fully sold in FY2024 with only one commercial unit remaining. The Group is currently assessing the feasibility of the remaining sites and will proceed to launch if expected return can be projected with greater certainty.

Revenue recorded by the Group's joint-ventures totalled RM54.96 million (1Q 2024: RM225.64 million), of which the Group's effective share (unconsolidated) amounted to RM39.25 million (1Q 2024: RM164.96 million), mainly due to lower sales completions as both joint ventures are gradually selling down its completed inventories. As a result, the Group recorded lower share of profits in a joint venture during the current quarter.

The Group recorded a loss before tax ("LBT") of RM3.70 million during the current quarter as compared to profit before tax ("PBT") of RM1.53 million reported for 1Q 2024. The LBT reported in the current quarter was mainly due to:

- i. no revenue recorded in the current quarter as mentioned above;
- ii. lower foreign exchange gains arising from repayments from joint ventures on weaker British Pound ("GBP") against Ringgit Malaysia ("RM") in the current quarter as compared to the previous corresponding quarter; and
- iii. lower share of profits in Eco World-Ballymore in the current quarter following lower profits recognised by the joint venture as mentioned above.

The above reductions were partly offset by:

- i. lower impairment loss on amount owing by Eco World London in the current quarter as the joint venture recognised lower losses as compared to the previous corresponding period; and
- ii. lower administrative and general expenses as a result of declining staff cost following lower operational activities.

**B2. Material Changes in the Quarterly Results compared to the Results of the Preceding Quarter**

	<b>3 MONTHS ENDED</b>		
	<b>31/01/2025</b>	<b>31/10/2024</b>	<b>CHANGES</b>
	<b>RM'000</b>	<b>RM'000</b>	<b>RM'000</b>
Gross profit	-	386	(386)
Share of results in a joint venture	1,161	(3,309)	4,470
Loss before interest and tax	(3,704)	(12,085)	8,381
Loss before tax	(3,704)	(12,085)	8,381
Loss for the period	(3,806)	(12,289)	8,483
Loss for the period attributable to owners of the Company	<u>(3,747)</u>	<u>(12,210)</u>	8,463

The Group recorded LBT of RM3.70 million in the current quarter as compared to LBT of RM12.09 million in the preceding quarter ended 31 October 2024. The lower losses recorded in the current quarter were mainly due to the following:

- i. lower impairment of amount owing by Eco World London being recognised in the current quarter as compared to the preceding quarter when the joint venture accrued additional costs in compliance with the Building Safety Act for completed projects;
- ii. share of profits from Eco World-Ballymore in the current quarter as compared to share of losses in the preceding quarter mainly due to fair value loss of commercial properties in EW-Ballymore having been recognised in that quarter; and
- iii. lower administrative and general expenses as a result of declining staff cost following lower operational activities.

<b>Total<sup>(2)</sup></b>	<b>53.1</b>	<b>18,802</b>	<b>12</b>	<b>58</b>

Notes:

(1) Based on exchange rates of £1:RM5.6188 and A\$1:2.7724 as at Feb 28, 2025

(2) Total may not add up because of rounding

EcoWorld International recorded RM58 million sales in the first four months of FY2025. This, plus reserves of RM35 million, add up to a total of RM93 million.

As at 28 February 2025, the value of completed units available for sale stands at about RM230 million. Approximately 55% of these units by value are commercial units and the balance are residential units.

While London faces a housing undersupply, high interest rates are deterring potential buyers, leading to slow sales and downward pressure on prices. In response, the Group is adopting a balanced strategy to accelerate the sale of completed units while carefully managing pricing to safeguard shareholder value.

Including the Group's share of cash balances at joint ventures, the Group has total cash balance of RM191 million as at 31 January 2025. Ongoing monetisation of completed stocks is expected to enhance the cash position of the Group.

	As at 31 Oct 2024 RM'000	As at 31 Jan 2025 RM'000
Net cash, deposits and other investments <sup>1</sup> at Eco World International & subsidiaries	273,026	156,935 <sup>2</sup>

<b>Net cash (including net cash at joint ventures)</b>	<b>334,663</b>	<b>191,428</b>

Notes:

(1) Other investments related to deposits that must be maintained for financing facilities

(2) Net cash balance after final dividend payment in respect of the financial year ended 31 October 2024 amounting to RM120 million on 14 January 2025

Recent data from the UK's Office for National Statistics shows a 3.6% decline in London house prices in the last three months of 2024. High interest rates and economic uncertainty stemming from geopolitical conflicts continue to weaken demand from potential homebuyers.

Given the current market conditions, the Board believes it is not conducive for the Group to pursue new launches or acquisitions in the near term. As such, all planned launches for the remaining sites remain on hold, pending review of their feasibility. The decision to proceed will depend on improved market conditions, cost stabilisation, and the ability to achieve the required returns.
